INTRODUCTION to SCOTLAND CAMPUS COMPLIANCE STANDARDS

Scotland Campus Sports is a Christian Educational Ministry for the purposes of expanding Christian values and improving the skills and character of its students. Chapel during the week and Christian worship on the weekend is required. Failure to attend can lead to expulsion from the program. While on Scotland Campus as a student, it is expected that behavior of students reflect respect for the traditions that are integral to the practice of Christian faith. No accommodation is made for those of other faiths. For the duration of a student's enrollment in SCS, it is expected that behavior, language, and self-discipline reflect the values of a Christian community.

Moral misconduct which violates the standard qualifications for students and employees includes, but is not limited to, such behaviors as the following: heterosexual activity outside of marriage (e.g., premarital sex, cohabitation, extramarital sex), homosexual or lesbian sexual activity, polygamy, transgender identity, any other violation of the unique roles of male and female, sexual harassment, use or viewing of pornographic material or websites, and sexual abuse or improprieties toward minors as defined by Scripture and federal or state law.”

NEW STUDENT APPLICATION FOR ADMISSION

Global Vision Christian School/Broadfording Christian Academy

International Program Release of Liability & Other Authorizations

The Undersigned, [REDACTED] (Parents/Guardians Names) (referred to in this document as "Parents") parent(s)/guardian(s) of [REDACTED] (Student's Name) (referred to in this document as the "Student", hereby grant(s) custodial responsibility and the following authorization and powers to the school relative to the Student during the entire tenure of a Student's enrollment in Global Vision Christian School/Broadfording Christian Academy, (referred to in this document as "School"). The custodial responsibility of the School and the authorities, powers and responsibilities granted to the School under this document begin at the time the Student arrives in the United States. The custody of the Student by the School and the authorities, powers and responsibilities granted to the School under this document continue until the time the Student leaves the United States for the purposes of returning to the undersigned's custody on school leave times or following the Student's graduation from the Program or removal from the Program.

I. Purposes of this Grant of Custodial Responsibility, Authorization and Limited Power of Attorney

This Grant of Custodial Responsibility, Authorization and Limited Power of Attorney is intended for the persons who are parents or guardians of the Student (referred to henceforth as "Parents" in this document) to give the School the legal authority under applicable United States national and state law to act for those persons with regard to the Student during the time the Student is attending the Program. Some activities, such as the Student's immigration into the United States for the purpose of studying in the program, are subject to the laws of the United States. Many other things, such as the right to cause the Student to get medical care, and communicate with teachers and others involved in the education of the Student, are subject to the laws of the state, the part of the United States in which The School's residential accommodations for the Student are located. As a general statement, by signing this form, the Parents are allowing The School to take the actions the parents or guardians could take with regard to the Student if the Parents were with the Student during the Student's stay in the United States. This document describes the extent of the actions The School may take with regard to the Student in more detail below. It is important for the Parents to understand what powers and authorizations the Parents are giving to The School, and that the Parents agree to those powers and authorizations. The School will attempt to contact the Parents in a timely manner in the event of medical emergency, and will keep Parents informed of the Student's progress in school and in activities in which the Student participates. However, there will be times when The School needs to act as guardians in the interests of the Student. This document allows The School to determine those times and take those actions.

II. Specific Custody Statement, Authorizations, and Limited Power of Attorney

- A. Statement of Custodial Responsibility.** For the period the Student is enrolled in the Program, beginning and ending as described in the second and third sentences of the first paragraph of this document, the Parents give to The School temporary authority as custodian of the Student. Without limiting that grant of temporary legal authority under the state law, The School shall have the right, power, and authorization to make major and minor decisions concerning the Student including, but not limited to, the Student's health, education and welfare. The School may delegate these powers as necessary to authorized adult supervisors with whom the Student resides while enrolled in the Program. The school may communicate with such supervisors as well as with any doctor or other person concerning the Student, the Student's health and education, including the Student's progress in the Student's studies.

Health Care Release. I/We hereby designate the School (which shall include any contracted dorm supervisors/host families/homestay providers) to act as the "Health Care Agent" for health care decisions for the minor because I am/we are not available to provide consent for medical treatment and surgical diagnostic procedures. The said Health Care Agent shall have the authority, without limitation, to make any and all health care decisions on the minor's behalf, including, without limitation, decisions regarding the withholding or withdrawal of life sustaining procedures. The Health Care Agent shall have the right to receive any and all medical information necessary to make informed decisions regarding the minor's health care, including any and all confidential medical information that I/we and/or the minor would be entitled to receive. I/We intend for the Health Care Agent to be treated as I/we would be with respect to the use and disclosure of the minor's identifiable health information or other medical records. This release authority applies to any information governed by the Health Insurance Portability and Accountability Act of 1996 (a/k/a HIPAA), 42 USC 1320d and 45 CFR 160-164 and M.G.L. c. 111, M.G.L. c. 112, and M.G.L. c. 123. I/We authorize the Health Care Agent to disclose any and all medical information to the School at which the student is enrolled on the minor's behalf. I/We authorize any physician, health-care professional, dentist, health plan, hospital, clinic, laboratory, pharmacy or other covered health-care provider, any insurance company and the Medical Information Bureau, Inc. or other health-care clearinghouse that has provided treatment or services to the minor, or that has paid for or is seeking payment from me/us for such services, to give, disclose and release to the Health Care Agent, without restriction, all of the minor's individually identifiable health information and medical records regarding any past, present or future medical or mental health condition. The authority given to the Health Care Agent shall supersede any prior agreement that I/we may have made with the minor's health-care providers to restrict access to or disclosure of the minor's individually identifiable health information. The authority given to the Health Care Agent will not expire unless I/we revoke the authority in

writing and deliver it to the minor's health-care provider or until the earliest of the following: The minor reaches the age of 18, marries, or is emancipated; Revocation of the health care proxy by a court of law; or Termination or completion of the minor's participation in the Program by the School. The decisions made by the minor's Health Care Agent on my/our behalf shall have the same priority as my/our

- B.** decisions would have over decisions by any other person, including a person acting pursuant to a durable power of attorney. The Health Care Agent shall be entitled to reimbursement by me/us or by my/our personal representative for expenses reasonably incurred by the said Health Care Agent acting in good faith hereunder. Photocopies of this Health Care Proxy shall have the same force and effect as the original. I/We understand that this delegation is voluntary and have carefully read and considered this delegation of authority before signing it. This health care proxy is intended by me/us to be valid in any jurisdiction in which it is presented. The various powers granted herein are separate and severable to the effect that the possible invalidity of any one or more of such powers shall not affect the validity of any other powers. I/We do authorize the School to share copies of this Form with its boards, commissions, committees, employees, officers, directors, servants, agents, and assigns. I/We do forever release, acquit discharge, and covenant to hold harmless the School and their affiliates and subsidiaries, boards, commissions, committees, employees, officers, directors, servants, agents, contractors, and assigns, whether past and present, or future, from and against any and all actions, rights of action, causes of action, charges and/or claims, in any way related to, arising from and/or growing out of, directly or indirectly, which I/we may now or hereafter have as the parent(s)/guardians/legal representatives of said minor, as well as any actions, rights of action, causes of action, charges, and/or claims which said minor has or hereafter may acquire, either before or after he/she reaches the age of majority, resulting from, relating to, or in any way to this Form. I/we, as parent(s)/guardian(s)/legal representative (s) of said minor, agree to indemnify and hold harmless the School, and any of their affiliates and subsidiaries, their boards, commissions, committees, employees, officers, directors, servants, agents, contractors, and assigns, whether past, present, or future, in the event that any action, charge, costs, and fees (including attorneys' fees) and/or claim, is brought against the foregoing, which is in any way related to, arising from and/or growing out of, directly or indirectly to this Form.
- C. Medical Treatment.** The school may seek medical treatment for the Student and approve such treatment for any and all medical, surgical, optical, dental, and mental health conditions or injuries. Routine care not reasonably anticipated to have significant effects on the Student or entail significant risk of present or future injury may be approved without prior authorization by the Parents. Emergency treatment for conditions or injuries may be approved by the School without prior authorization when, in the opinion of the School, time does not permit such prior authorization by the Parents. If treatment decisions carry significant risks for the Student, in the judgment of the School, and time permits contact with the Parents before treatment is undertaken, the School will make reasonable efforts to contact the Parents for approval. In the event that the Parents cannot be reached within a reasonable time and the School determines that the treatment decision should be made without further delay, the School may approve such treatment. By this authorization, I indemnify, release, and hold the school harmless from any and all liability in providing care and treatment for my child, and further, I grant my permission regarding the use of my student's personal medical information, including but not limited to, medical history, allergies, physical evaluations, emergency contact information, and immunization records.
- D. Authorization to Administer Immunizations.** I authorize the School or a School designated physician to administer my child's immunizations in the event that I have failed to provide proof of all immunizations required by the state of Maryland. I acknowledge that the school is bound by law to ensure that all students meet the state requirements for immunizations and that my child will be pulled out of school in the event that I have failed to provide proof of all state required immunizations for my child. I also acknowledge that I will be responsible to assume all costs associated with administering my child's immunizations.
- E. Church Attendance Policy.** I understand that my child will be attending a Bible believing church on a weekly basis, and that my child will be required to complete one Bible course each school year. I understand that students will be expected to participate in weekly chapel services and other religious instruction as deemed necessary or required by the school. Students are not required to make a profession of faith or ascribe to any certain religious belief system.
- F. Registration Forms and Other School Documents.** The School may execute on behalf of the Parents the standard forms required of Students as part of the registration, enrollment, and class-assignment process. These forms include, but are not limited to student registration forms, consent to treatment forms, forms for permission for the Student to participate in off-campus events, honor code acknowledgement forms and athletic emergency information forms. In addition, the School may execute on behalf of the Parents all forms necessary to select and approve elective classes in the curriculum for the Student, and the purchase of books and materials required for classes, the costs for these shall be borne according to the School standard policy.

Athletics, Activities, and Field Trips. Many athletic pursuits, activities, and field trips typically require the approval of a parent or guardian and may also involve the payment of fees on the Student's behalf above and beyond tuition, board, books, and supplies. The Parents authorize the School to approve such athletic and non-athletic activities and trips without prior authorization of Parents. This authorization includes permission to transport the Student to locations in and out of State if the Student possesses the proper travel documents. Any travel out of the country, including travel to the Student's home country, shall require the prior approval of the Parents. The Parents acknowledge that all activities involve some risk of injury, whether

PENNSYLVANIA

from activity itself or the transportation to and from the location of the activity. The Parents authorize the School to exercise its good faith judgment in permitting participation in activities, even where there is a minor risk of injury to the Student. Apart from the school-sponsored activities, the Student may request permission to go off campus or take leave of the Student's residential accommodations with other students and their families for events and activities that are not sponsored by the School. The Parents agree that the School and/or its authorized residential supervisor(s) may, at their discretion, grant or withhold permission for a Student to be off campus or remote from the Student's residence for such purposes.

- A. Individual Sport Permissions and Prohibitions.** I understand and accept that there are risks of serious injury and death in any sport, including the one(s) in which my child has chosen to participate. I hereby give permission for my child to participate in all sports accept: (By writing any sports below, you are refusing permission for your child to participate in the sport. As Parent/Guardian, I also agree to be responsible for all debts non covered by the school that are incurred by my child during the trip or activity, for all expenses not covered by insurance that are incurred as a result of any accident, illness, or medical emergency involving my child, and for all transportation costs to prematurely return the student to school, should the student's continued participation jeopardize the safety or health of the other participant.

III. International Student Residential Agreement

- A. Overview & Purpose of this Agreement** The International Student Residential Agreement is designed to be a supplement to the school's rules and regulations, as published in the Student Handbook. This agreement outlines the rules and regulations that students are expected to abide by while living in a host-family or dormitory environment. These rules may be different from the rules a student would be asked to adhere to at home. They are established as an outline for students to make informed choices while living with their host-family or dorm parents and intended to maximize everyone's academic and social experience. All students who are enrolled at the School will be held to the expectations and policies outlined in this Residential Student Agreement. It is expected that all parents and students read this student agreement thoroughly and refer to it as a source of guidance and information. Students and parents are expected to have knowledge of the agreement's content.
- B. Standards of Conduct.** Students enrolled at the School are expected to treat other members of the school and their host-families with respect and courtesy. The following standards of conduct are examples and general expectations for all students at BCA:
- Honesty in academic endeavors and in all aspects of campus and home life.
 - Commitment to a safe, clean, congenial, and productive learning environment.
 - Respect for the feelings, beliefs, time, efforts, and physical well-being of others, and for their capacity for growth.
 - Respect for the property and materials of the School, their dorm supervisors, and their host-families.
 - Respect for the rules and regulations of the School, their dorm supervisors, and their host-families, and the laws of the State of Maryland, the State of Pennsylvania, and of the United States.
- In addition, conduct occurs in the context of a community of scholars dedicated to personal and academic excellence. Joining this community obligates each member to observe the following principles: Mutual respect, Personal and academic integrity, Civil discourse, Responsible decision making
- C. Alcohol & Drug Policies.** The School, in cooperation with dorm supervisors and/or the host-family, will address any behavior relating to drugs and alcohol as outlined below:
- 1. Possession of alcohol or illegal drugs.** Students who are found to possess, use, distribute, or transport alcohol or illicit drugs will be subject to suspension or expulsion. The School reserves the right to consider the presence of smoke or odors as a violation of this policy.
 - 2. Being under the influence of alcohol or other drugs.** Students who return home and are found to be under the influence of alcohol or illicit drugs will be subject to disciplinary action up to and including suspension or expulsion.
 - 3. Prescription Drugs.** Each student shall be responsible for self-administering all prescription medication. Students who are found to be sharing, selling, or trading prescription medications, or abusing or misusing their own prescription medications will be subject to sanctions ranging from Disciplinary Probation to suspension or expulsion.

GLOBAL VISION CHRISTIAN SCHOOL PENNSYLVANIA

NEW STUDENT APPLICATION FOR ADMISSION

- 5. Alcohol Containers.** Empty alcohol bottles, cans, bottle tops, and other containers are not allowed, even for decorative purposes.
- 6. Tobacco Products.** It is illegal for persons under the age of 18 to possess any tobacco product. Students attending the School, regardless of age, will not be permitted to use tobacco products whether on campus or at home. Students found to be in violation of these policies will be subject to sanctions up to expulsion from the School.

D. Safety Policies

- 1. Student Travel and Notification of Whereabouts.** Occasionally, students are allowed to travel outside of areas designated by the School and their dorm supervisors and/or respective host-family. Students must follow the guidelines outlined in the International Student Travel Policy. Unless the host-family offers to pay for such trips, students are responsible for paying themselves. The same is true for family trips. Leaving home without notifying your host-family is a direct violation of the International Student Residential Agreement and may result in disciplinary action by the school.
 - 2. Automobiles.** International students at the School are not permitted to drive cars, even if you are able to do so at home. You will travel with your home-stay family to school, local events, shopping, and for other venues to meet most of your needs. Occasionally you may travel with other School students who have cars so long as you obtain permission from your dorm supervisors and/or host-parents in advance.
 - 3. Emergency Situations.** In addition to establishing a set of general rules and guidelines, each dorm supervisor and/or host-family will go over emergency contact information with the student in the first week. They should provide a list of home, work and cell phone numbers where they can be reached at all times. In addition, each student should have an "Emergency Contact Information" card on file at the school office. It is recommended that students and host-families complete this card together in addition to reviewing the procedure of what to do in emergency situations.
 - 4. Fire Safety.** Compliance with fire regulations is a necessity both on campus and at home. Smoke and heat detectors are only a part of fire safety. While your home should be as safe as it is possible to make them, each room may contain combustible personal items, which make the following rules necessary: Candles, camp stoves, lanterns, hurricane lamps, incense, or any other items with open flames are permitted only with permission from the host-family. Fireworks, explosives, volatile liquids, and fuel are not permitted. Fire alarms and extinguishers are critical for safety and must not be tampered with. Students who tamper with fire safety equipment will be subject to: fines and disciplinary action up to and including suspension or expulsion, fines from the Fire Department, and may also be subject to criminal charges.
- E. Harassment Policy** The School and its dorm supervisors and host-families are committed to maintaining an environment where students are not subjected to bigotry and discrimination on the basis of sex, race, ethnicity, national origin, religion, disability, age, or other characteristics as protected by applicable law. Such harassment is against program and school policy and may be illegal under state and federal laws and regulations. The School defines harassment as verbal or physical conduct which has the purpose or effect of creating an intimidating, hostile or offensive educational or living environment on the basis or because of a student's sex, race, ethnicity, national origin, religion, disability, or age, or other characteristics as protected by applicable law, and which would create such an environment for a reasonable person under the circumstances. Such harassment may include, for example, repeated slurs, taunts in the guise of a joke, disparaging remarks, or physically threatening or inappropriate conduct, when such is directed at a person or group of persons because of their sex, race, ethnicity, religion, physical ability or age. Retaliation against a student or host-family member for filing a complaint in good faith under this policy is strictly prohibited, and, if proven, would be considered a violation of this policy. This policy is intended to protect all School students and applies to both the students and host-family. Any person who feels that they have been harassed or retaliated against as defined in this policy may file a formal grievance with the school administration.
- F. Modification to this Agreement.** The Residential Student Agreement is published by the School annually. The School reserves the right to add, modify or amend any part of this handbook between publication dates. The School will inform students, faculty and staff through various means when any changes to this handbook are made. These changes will supersede any previously published policies on the same topic.

Chapter 4 Tuition, fees. Collection and return of entrance fees and expenses

Article 10

Tuition fees and student administration fees are to be paid before beginning of each semester.

Article 11

Entrance fees already paid will not be refunded, but tuition fees will be refunded after deducting the amount due until the date of the grounds for the refund. Scotland Campus Sports holds space open for students. When a student, either by their own initiative or a failure to comply with some essential portion of the agreement of any nature specified in the later portion of this document, refunds of tuition will not be made. The cost of reserving a space for a student limits the enrollment of another qualified student who could have taken their spot, thus harming the functioning of the school.

Article 13

Student management fee refers to dormitory facilities management and administration, student life guidance, and food expenses.

Fees are non-refundable.
